

Today's Agenda

Come to class ready to make an argument and provide a piece of evidence to support it.

If you were starting a new business in the US where specifically would you do it?

Justin Leinaweaver (Spring 2022)

Our Plan This Semester

Build models to answer questions with data

- What drives economic investment in US states?
- Why do some countries attract greater levels of international investment than others?
- What explains why some individuals make more money than others?
